**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer using the Sonic service for my internet and rely on this for work and personal use. Comcast had a monopoly on the services in my neighborhood until Sonic came along. I believe Comcast previously had carte blanche to raise internet prices without providing any add value/benefits/slower speeds then my current provider Sonic.

It is critical not to stifle competition when it comes to providing consumer access to Internet and telephone services.

Comcast has owned the internet/cable TV space for far too long and it's about time us consumers now have a choice to choose from.

Sincerely,

Ed Chin
